06/14/2022	16:28	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	We need more projects like this. We are a vibrant, welcoming and growing city that should not allow neighbours to fear monger one another into believing that social housing will impact their home values or cause troubles for elementary schools. This project will lead to growth in business in an aging area, opportunity for diverse community members to be near each other and promote safe housing for indigenous people. I strongly support this project.	Rohini prasad			I do not live in Vancouver	No web attachments.
06/14/2022	16:42	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	I support this building. It is needed for the indigenous community and to service people who struggle with vancouver's affordability. These two operators have extensive knowledge of how to maintain their programs and offer support to some of the cities' most vulnerable' if there's room for development then why not support a great indigenous led project!	Norman Wong			Hastings-Sunrise	No web attachments.
06/14/2022	16:46	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	I think this is a great project that shouldn't be jeopardized by any delay. I'm sure there's been a ton of work to line up financing for this and the opportunity should not be allowed to slip away. The amount of parking is minimal, which is great from an embodied emissions perspective, reduces cost, and encourages green transport. The building is Passive House certified. The location is suitable for car-free living. The modular housing construction is innovative and lowers costs. The FSR maximizes the amount of housing. To sacrifice that for setbacks or shadowing would be a huge mistake. We are in a housing crisis and supportive housing and low-income housing is needed. And on top of all that there will be an Indigenous operator, which advances reconciliation and will better support indigenous residents. The city should be doing everything it can to get more more projects like this, including having the courage to make tough decisions to raise money. 06/14/2022	16:47	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	I support the 1406 e king Edward street project. I do not have to share with you the lack of affordable housing for everyday citizens regardless of their financial or personal circumstance.	Giselle Henry			Downtown	No web attachments.
06/14/2022	16:48	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	There is not many options for indigenous people of Vancouver to afford housing with the sky high prices creating affordable and supportive housing for the community will largely help the homeless population. Resources for indigenous people have been under utilized we need more housing to keep us all safe	Shivneel Prasad			Fairview	No web attachments.
06/14/2022	16:48	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	I most certainly support vafcs application for this space and I know it will be used in the most positive way for all that may need There (vafcs) welcoming support.	Gary Shields			I do not live in Vancouver	No web attachments.
06/14/2022	16:52	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	We need to house our multi barrier individuals as they fall through the cracks and have no support. Our indigenous community has been suffering for years and are still suffering we need to support the First nations as they need to be housed and given support they aren't getting	Rohini Prasad			Unknown	No web attachments.
06/14/2022	16:53	PH1 - 4. CD-1 Rezoning: 1406-1410 East King Edward Avenue	Support	More social housing will benefit the community that we live in. We need more affordable housing options that take into consideration vulnerable people. It is sad that people would rather see people living in business doorways and parks then to have them housed properly. We fail to recognize that social housing projects are already near these neighbourhoods and no one sees the "disturbance or displacement" that everyone opposing is suggesting.	Cynthia Low			Victoria-Fraserview	No web attachments.
