06/20/2022	10:34	PH2 – 2. CD-1 Rezoning: 1332 Thurlow Street and 1065 Harwood Street	Support	As a West End local and s22(1) Person, I'm very pleased to see this project moving forward. I am in full support of the proposal to increase rental and below market housing options in the West End. The two new buildings' subject to Council approval - will add some more character to the neighborhood and make for quite a striking landmark on the City's skyline. Rental and below market housing is desperately needed in Vancouver, particularly in neighbourhoods like the West End, close to shopping, recreation, and community services. Please vote in favour of advancing this application.	Eunju Jegal	s22(1) Personal and Confidential	West End	No web attachments.
06/20/2022	10:59	PH2 – 2. CD-1 Rezoning: 1332 Thurlow Street and 1065 Harwood Street	Support	I'm a resident of a s22(1) Person in the West End. I would like to lend my support to Bosa's proposal to develop two secured rental buildings at Harwood and Thurlow. Rental housing is in high demand in Vancouver. I appreciate that this proposal seeks to deliver rental and affordable housing, as opposed to condos. I felt compelled to support this project in particular because it proposes to provide 110 units of below market housing (at 20-50% below CMHC levels). With escalating inflation and a recession looming, I expect demand for rental and below market housing to grow. While this project is still a few years away, who knows how long a recession could last, not to mention already pent-up demand for rental. 06/20/2022	15:17	PH2 - 2. CD-1 Rezoning: 1332 Thurlow Street and 1065 Harwood Street	Support	I was on the CPC Building Committee throughout the planning, construction and final opening of the project. At all times, we were made to feel a true partner in the project, not just a "customer." We were invited to join the weekly meetings with Bosa and subcontractors, asked for our suggestions and opinions, and always made to feel an important part of the development team. For me, it was a "once in a lifetime experience." I have no doubt that Bosa will bring the same care and concern for the interests of the surrounding community affected by their new proposal. Thank-you for the opportunity to be able to offer my fullest support for this project.
