06/10/2022	06:12	PH2 - 3. CD-1 Rezoning: 1290 Homby Street	Oppose	I lived beside the Murray hotel for a year. They are a low barrier SRO. There is no way that is a restorative community. I saw assaults, weapons, constant drug use, human waste, etc. It finally looks like it has calmed down (however I am only an infrequent visitor now) after consolidated efforts by our strata president and a group of us who had to 'tabulate' our complaints by logging them with nonemergency. I wouldn't wish this experience on anyone. There was so much tension between neighbours and the worst offenders in the SRO. It was a somewhat dangerous environment to live in for a year.
