06/18/2022	20:01	PH4 - 1. Rezoning: 156-180 West 2nd Avenue	Support	Dear Mayor and Council: As a resident s22(1) Personal and Confidential who lives near this development, I write to you strongly in support of this rezoning. The maximum building height of 46.5 metres and a FSR of 6.0 will help to ensure the continued activation of the street and corridor, and will still be shorter than the apartment buildings across the street. Furthermore, the location is close to the Olympic Village Canada Line Station, the 84 express bus, and various bike lanes, helping to ensure employment opportunities at this site can be accessed by greener modes of transportation. Increasing the types of uses of this land, while also protecting the viability of industrial zoning with Vancouver makes this a great opportunity and I strongly encourage council to support this proposal. Thank you for your consideration of my position and this project. Sincerely, Aidan	Aidan Fehr		Fairview	No web attachments.
