CD-1 Rezoning: 2086-2098 West 7th Avenue, and 2091 West 8th Avenue	Other	<p>I am writing on behalf of the West Broadway BIA in regards to the supportive housing proposed by the City at Arbutus and West 7th / 8th Avenue. We support initiatives to provide housing and services for people in need, however, we are concerned about this social housing proposal. It is essential that the housing provide services to help people in need and that those services are sufficient relative to the number of people that would live in the housing. The City's current proposal does not include the preceding and consequently, would cause safety issues that would impact the health and well-being of the people that live in the building and the surrounding residents, including children at the nearby schools. We have met with various community organizations that have expressed similar concerns about this housing proposal, and have also proposed alternative solutions that would provide better housing and support for people in need. We have also discussed the opportunity for the BIA to facilitate social employment programs for residents of social housing units, and we look forward to continuing to work with the community on these and other initiatives. Thank you for considering our feedback.</p>	Michelle Barile		<p>s.22(1) Personal and Confidential</p>	Unknown	No web attachments.
