CD-1 Rezoning: 906- 982 West 18th Avenue and 907- 969 West 19th Avenue	Support	This will provide much needed housing and efforts have been made to provide a day care and green space. Having lived in the area for 40 years I have seen too many houses ripped down and huge homes erected and often left unoccupied. This development is designed to accommodate a variety of people including families. Housing in Vancouver is at a crisis. The development at Heather and 17th was not contested and each suite there sold or sells for over 1 million dollars and that does little to help the average family. Now we have developers wanting to make in roads by buying up houses quickly with no fuss. I have attached their advertisement. One last point, we should not be driving cars because of the dire climate change so traffic should not be a concern in today's world.	Gail Holloway			nknown	1 web attachment

CD-1 Rezoning: 906- 982 West 18th Avenue and 907- 969 West 19th Avenue	Support	My comment was not counted previously so here it is again: Hi City of Vancouver Mayor and Council, please accept this note in support of the Balfour Block proposal being considered tonight at a Public Hearing. I grew up and have lived most of my life in Vancouver, and have been a renter for the past 6 years (in Montreal and Vancouver). My current neighbourhood in Vancouver is super walkable and I know South Cambie is too - which is why we should take the opportunity to build over 200 new homes at this site (including 100 rental homes) and provide the community with a daycare and public playground while we're at it. As a young person just starting out in my career, I'd love to live in a new below market rental home like what's being proposed here. Thanks for reading and considering my point of view.
