2023-01-16	16:40	PH 1 - 1. CD-1 Rezoning: 1063-1075 Barclay Street	Oppose	The trend in Vancouver is very disheartening.we are allowing the developers to take over the city .We have started to densify way too much and are starting to take away from the beauty of our city .We are not providing more parks and more spaces for people to use outdoors. These buildings are being built to the block and as high as they possibly can only for profit.What about the infrastructure, what about sewage electricity .After the developers are gone the cost will go to the citizens in taxes. We continue to allow these developers to build and profit greatly.I want to live in a livable City that is comfortable and has a sense of neighborhood places for people to sit and enjoy the outdoors .It is my observation that all the city really takes into consideration is revenue they're not interested in what the outcomes of too much densification is they're more concerned about profit	Greg Cordonier	Downtown	
2023-01-16	19:01	PH 1 - 1. CD-1 Rezoning: 1063-1075 Barclay Street	Oppose	I disagree with the proposed rezoning of 1075 Barclay. The West end and core are losing there charm. The core is dense enough in my opinion and we should encourage the densification outward .	Marcel Duquette	Downtown
