2023-02-13	16:48	PH 1 - 4. CD-1 Rezoning: 6151-6261 Granville Street and 1511 West 47th Avenue	Support	I support this project. With the aging of the baby boomer population, and declining birth rates, demand for seniors' care facilities is going to grow. Unfortunately, many seniors do not have close family members available to care for them as they area, making seniors care homes an ideal option. This is especially true in Vancouver where the children of baby boomers often move elsewhere because of the high cost of living. Personally, I have aging parents who live in Kerrisdale, and I do worry about what their future housing and care situation will be. Recently, I have learned that there is a significant shortage of senior's care facilities in Vancouver (and the country for that matter). This issue needs to be addressed urgently to keep pace with future demand. Because this application proposes to change the single-family character of the neighbourhood, I imagine there will be some who don't want to see this development move forward. But, if not here, then where? This project proposes to generate seniors care homes that are desperately needed and I hope that Council will take advantage of this.	Eric Freiboth	Kerrisdale	
2023-02-13	13:32	PH 1 - 4. CD-1 Rezoning: 6151-6261 Granville Street and 1511 West 47th Avenue	Support	Seeking to communicate my support for the Granville and 47th Avenue proposal from Intracorp and Amica. This project aims to deliver on providing additional housing along an arterial. Moreover, the housing is for seniors, and I'm certain that in the near future this is a project we will look back on and thank ourselves for approving. People these days are having fewer children, especially in Vancouver, and soon our senior population will need more support than ever. I think this full service style of seniors housing has a part to play in the market and is suited to the demographic of this neighbourhood. Thank you for your time.	Molly Kav		

2023-02-13	11:25	PH 1 - 4. CD-1 Rezoning: 6151-6261 Granville Street and 1511 West 47th Avenue	Support	Hello, please accept these comments in support for new seniors housing along Granville Street. I have had a grandparent live in an Amica on the west side, and as a lifelong resident of the west side of Vancouver I cannot understate the benefits of being able to visit them conveniently. I believe this benefits the family members and the residents themselves. We do not have enough seniors housing in the city and soon our aging population will have nowhere to go! I read that Amica residents come from the surrounding community, and I think that's great. I hope you vote to approve this project.	Anna M		
2023-02-13	22:35	PH 1 - 4. CD-1 Rezoning: 6151-6261 Granville Street and 1511 West 47th Avenue	Support	<p>Please accept the following remarks in support of this application.</p> <p>I have lived on the west side of Vancouver for nearly 20 years after moving from Ontario. One of the things I'm often struck by, frankly, is how few memory care spaces we have in this city and across Canada. I'm certain you feel that you know somebody who has affected by dementia.</p> <p>Recently, I went through the process of trying to move my mother into a care home in Ontario, but unfortunately there were no memory care beds available and she needed more support than was able to be offered. This caused a great deal of stress for me and my sister, based in Vancouver, as we were supporting her and my father from the west coast.</p> <p>I think the continuum of care provided in this building is an amazing attribute to the city and I feel that it's design and location are acceptable. Thank you and I hope you support this proposal and others like it.</p>	Catherine M		

2023-02-13	22:50	PH 1 - 4. CD-1 Rezoning: 6151-6261 Granville Street and 1511 West 47th Avenue	Support	<p>I'm writing these comments in support of the application on Granville and 47th.</p> <p>The need for more seniors housing has never been greater, and yet it's growing still. I am in support of building this in this area, especially on Granville Street. I feel that it's important to have these residences easily accessible, both for the staff working there and the visiting family members.</p> <p>My uncle lived in an Amica until the end of his life, and he and his wife had only wonderful things to say about the quality of care, quality of life, and quality building they resided in.</p> <p>The size of development is in line with what is contemplated in policy along arterials, and furthermore I support density on transit.</p> <p>Thank you.</p>	Gord C M
