

Petition Against Proposed Supportive Housing at 1925 Southeast Marine Drive

We as residents in the Fraserview/ West Fraserlands/Riverside Neighbourhoods want to remain a family-friendly community

We oppose the proposed Supportive Housing that will expose our neighbourhood to increase in drug/substance abuse/violence/crime/property damage

We want our families to feel safe and not live in fear, including our children, youth, seniors and animals whom are the most vulnerable

The proposed building is disproportionate to the surrounding housing and will create increased parking, traffic and noise to the area causing major disruption to neighbours

We want to keep our green space and old growth that provides character and peacefulness to the area that many residents volunteer and upkeep to beautify our neighbourhood and city

We ask that you reject the proposed Supportive Housing in any of the green space areas in the neighbourhood in the area that the City of Vancouver owns and let us remain enjoying the community we call home!
