2023-01-23	22:00	PH1 - 6. CD-1 Rezoning: 1925 Southeast Marine Drive	Support	As a recent university graduate, I am finding that the housing crisis is pricing me out of Vancouver - the city I have grown up in. I am sure many other young people like me share the same sentiment. For this reason I will always strongly support building more housing, for all income levels. NIMBYs will complain about new developments impacting the character of a neighbourhood, but rejecting more housing hurts the people of a neighborhood - and what is the neighbourhood's character, but for the people who live there? 2023-02-10	07:26	PH 1 - 6. CD-1 Rezoning: 1925 Southeast Marine Drive	Support	As a neighborhood resident (I live a few blocks away, just east of Victoria) I am in favour of this development. As you know, the need for social housing in this city is desperate. I would love to see more 2-, 3- & 4-bedroom apartments built for the many low-income families who live here, in addition to smaller housing for single residents. Please continue to build a wide variety of social housing on vacant lots like this.	Francoise Raunet	Victoria-Fraserview
