This development is close to everything, especially public transportation. Having a mix of housing types is also very important as Vancouver is full of different families	Rebecca Scott	Kerrisdale

2023-02-28	08:42	PH 1 - 4. Rezoning: 5828-5850 Granville Street	Support	It's great to see more housing options being proposed, especially in key locations such as this. This exactly the kind of increase in density Vancouver needs. With rental housing in such high demand, it is up to developments like this to provide much-needed housing options and remove some of the pressure on the rental market. Thanks for the hard work in bringing this project forward	Drew Nielson	Kerrisdale	
2023-02-28	08:41	PH 1 - 4. Rezoning: 5828-5850 Granville Street	Support	This is a great project that would bring much needed rental housing to this area. This would also be beneficial to surrounding businesses and surrounding community.	Fernando Padres	Downtown	
2023-02-27	17:45	PH 1 - 4. Rezoning: 5828-5850 Granville Street	Support	This project is within minutes of Oakridge and smack in between the airport, downtown and UBC and adds critical rental housing stock to a desperately supply constrained neighborhood. As a young renter who is facing the struggles of finding an affordable, clean and professionally managed unit, failing to rezone this property would be failing to support a younger generation already suffering through the grueling affordability crisis while NIMBY's sit back and oppose any change to their "beautiful" single-family neighborhood.
