I also think the design is very appealing and the proximity to the commercial along East Hastings is excellent to support all the great local businesses that operate.</p> <p>Thank you.</p>	Jay Newton	Grandview-Woodland

CD-1 Rezoning: 103-111 North Templeton Drive and 2185 Oxford Street	Support	<p>My partner and I live in a rental apartment nearby on Victoria and Napier and have for many years. This project is in my neighbourhood. We have friends that want to move to the neighbourhood, but can't because there is no rental housing available! They have tried multiple times, but are unable as when a rental suite becomes available there are way too many applicants. You have to "know someone" in order to get a rental suite. Our friends are now moving out of the city.</p>	Oliver Tennant	Grandview-Woodland

I find that so often only those that oppose are speaking up. I, and many of my friends and neighbours in Vancouver, fully support the ever increasing need to increase the densification of our city. I support this applications to increase housing in this neighborhood and a 36 unit market rental development receives my support.</p>	Ches Hagen	Grandview-Woodland
