I am a strong advocate for increasing housing density, especially in terms of providing more affordable housing throughout the city. We are very fortunate to be homeowners, but for many people, home ownership is an extremely difficult goal to achieve. We support the purpose-built rental development projects at 2126 W 34th, 5025 Arbutus, 2109, and 2129 W 35th because they offer affordable housing options. As our city continues to grow, it's essential that we prioritize accessibility to reasonably priced homes. In the not too distant future, my daughter will be grown up and likely wanting to live on her own. Purpose-built rental buildings will enable her to stay in the neighborhood and remain close to my wife and me.	William Bakker	Kitsilano
