CD-1 Rezoning: 855-865 West 10th Avenue	Support	Because this area is so highly sought after - why not be a little more creative with this development - and not only approve the current application - but offer an incentive to the developer of some sort - to add another 10 stories of residential - this would be an ideal area considering its proximity to the hospital - and an excellent location to allow short term rentals for people attending medical facilities in the area - be a little creative - and allow some flexibility in the area!
