CD-1 Rezoning: 3132-3150 Rosemont Drive	Support	<p>I wholeheartedly support this rezoning.</p> <p>I am a resident of Champlain Heights, and couldn't be happier that the owners of this site wish to redevelop it to serve more seniors in the community.</p> <p>And frankly, we're going to need more seniors dedicated living in the next few years, so now is the time to build out capacity.</p> <p>It's also beside a bus stop for the 26, it's walking distance to the library or community centre- and is situated near several parks. Obviously this site is a good fit, as there's been a community care facility already on the site for decades.</p> <p>I'm not at all concerned about the height of this building- if anything it should be taller to take advantage of views of the fraser and look over the canopy of Everett Crowley- why not provide five star views to our seniors?</p>	Mark Burge	Killarney	
2023-06-27	13:00	PH 1 - 4. CD-1 Rezoning: 3132-3150 Rosemont Drive	Support	<p>The City of Vancouver desperately needs more housing, and this project on Rosemont specifically provides affordable housing for seniors and the medical support they need. With the baby boomers aging, the city will soon be overwhelmed with a demographic that needs this type of housing and cannot find it, and it will take 5-10 years to build it once the acute demand becomes obvious - for many people 5-10 years will be too late. As a resident who live 5 minutes from this site, I strongly support this project, and any future projects to provide more housing in Champlain Heights. The height and density could be greater as an incentive to support more affordability in each project, and I'd especially like to see the luxury family homes surrounding this area to be upzoned.</p>	Nathan Hawkins	Killarney

Dear Mayor and Council,

I am writing to voice my support for the Kopernik Apartments redevelopment project. This project is particularly important to me because:

- I have friends and family who live nearby.

I strongly believe the project should be approved for the following reasons:

- Below-market homes are greatly needed here.
- We need more social, non-profit and generally affordable housing in our city.
- This project will foster mixed income communities, which I am very supportive of.
- I like that a range of housing tenures are included in the proposal.
- I support alternatives to single-family home ownership.
- It's within walking distance to many community amenities.
- Central, walkable neighbourhoods like this are the best places to build more homes.
- The project should be expedited through the City's planning process.
- More housing in the area cannot come fast enough. It would be great to see this sort of project happen even more quickly.
- The non-profit who will be operating the rental building will make sure the rents stay affordable.
- This project offers many additional community benefits.
- We need more housing for seniors in our community.

In conclusion, Kopernik Apartments is an important proposal and I urge you to approve it.

Thank you for your consideration.

I strongly believe the project should be approved for the following reasons:

- We need more housing for seniors in our community. I live in the neighbourhood and want more housing for seniors. My mother resided in this facility before she passed, it was a wonderful facility and I see the need for more senior housing in this neighbourhood of Champlain Heights.

In conclusion, Kopernik Apartments is an important proposal and I urge you to approve it.

Thank you for your consideration.
