CD-1 Rezoning: 2001-2025 West 41st Avenue and 5683-5687 Maple Street	Other	<p>The rezoning for the address of 2001-2025 is on for quite some time, today we received the Notice of Public Hearing scheduled for July 13,2023.. As well on your agenda is since May 2022 another application on the other side of Maple St. on 1977 W 41st.</p> <p>We are a senior couple renting in an old building opposite on the corner of Maple on 1996 W 41st, the ownership had changed a year ago.</p> <p>We kindly ask you to let us know, when approx. we have to expect the beginning of these two constructions.</p> <p>Furthermore I would like to know if there are any plans or what the City knows about a possible rezoning next to our building on 1990 W 41st, which was for fale for quite some time in 2022.</p> <p>Last: on 5550 Maple St. I today found a big sign from "Top Vision Developments", unfortunately not one word in English, everthing only in Chinese (which I do not understand or speak). My question: is it allowed in Vancouver BC to put up signs in Chinese only? A bilingual notice would be helpful for everybody!</p> <p>We are thankful for your understanding and we are waiting for your response to be able to go ahead with our plannings.</p> <p>Sincerely: Manfred Bartel.</p>	Manfred Bartel	Kerrisdale
