Adding Missing Middle Housing and Simplifying Regulations – Amendments to the Zoning and Development By-law	Other	<p>Dear Ken Sim n Council</p> <p>Thank you for your email reply.</p> <p>I understand the issues and will share your comments with our group of Vancouverites.</p> <p>However, there have been new videos made of the downtown Eastside circulating around social media (YouTube /face book) and the world is tuning in with criticism and disgust.</p> <p>It's certainly very very bad for the hospitality industry no doubt.</p> <p>I guess you can't stop this reality on social media.</p> <p>What can be done in the interim to add to the foundation of your outlined efforts.</p> <p>I personally believe that a concerted consultation with All the outreach services - counselling- food services - safety - washroom n sanitation services and any other services (rcmp )- TOGETHER - will throw more light on the homeless issues to learn of unheard recommendations and suggestions (MAYBE) for the counsel to add to their PLAN to address this never ending issue.</p> <p>Frankly, whilst I understand the current services offered to the homeless issue is a humanitarian effort - it - somehow WILL NOT RESOLVE the problems.</p> <p>I am not an authority on this issue but like all Vancouverites we all want this issue not to spread all over downtown vancouver.</p> <p>Homeless camps are now spreading to Yaletown area - Granville area etc .</p> <p>Cheers RonSIM</p> <p><small>§22(1) Personal and Confidential</small></p>	Ron Sim
