2023-09-21	07:55	PH 1 - 1. Rezoning: 2560-2580 Trafalgar Street	Other	In the schematic there is no Green Space and there are no Trees. I would like a City commitment on every development that the developer must provide a green space, benches and a minimum to be determined number of native plantings and native trees depending on frontage square footage. For heat mitigation, mental health and bird insect habitat.	Cynthia Burtinshaw	Kitsilano
