Rezoning: 6333-6369 Yukon Street	Support	<p>I begrudgingly support this proposal.</p> <p>Given this site's proximity to the Langara-49th Canada Line station, I would prefer council zone this lot to provide additional density than this proposal would allow. A maximum of three storeys under an RM-8A zoning is not sufficient for land this close to a rapid transit station.</p> <p>However, something is better than nothing, so if the options are this or nothing, I support this proposal.</p>	Daniel Handley	Oakridge
