We feel so difficult to find a decent and affordable place to rent in the campus or close to the campus. The rent for a studio is \$2000 ; a one bedrm located on W 41st and SW Marine (not even in the campus) , the rent is \$3600 ! Even two students share a two bedrm unit is not cheap at all , \$4700 per month ! And the condition is not decent at all. Most of the basement is a bit cheaper but the condition is even worse. Three bedrm share one bathroom , almost no sunlight. We do hope that the city can listen to our voice and help to build more rental buildings in Vancouver Westside to help our young people and their families. Thanks	Lai Xu	Dunbar-Southlands
