2023-10-16	19:42	PH 1 - 6. Rezoning: 6081-6083 Collingwood Place	Support	This should be allowed to be an even bigger building. City rules should encourage housing, rather than make it so difficult to build, with height and fsr restrictions.	Saj Karsan	I do not live in Vancouver	
2023-10-17	09:21	PH 1 - 6. Rezoning: 6081-6083 Collingwood Place	Support	I support this, but this project is disappointingly small. Five floors and a measly 2.20 FSR is clearly not enough for this location in this neighbourhood. In order to fit in to the context of the city's housing crisis, it should be a much larger building with many more homes. We are not on track to meet our housing goals, and here we are bickering over a handful of homes close to UBC. Show leadership and revise the policy so that much larger buildings are legalized on sites like this in neighbourhoods like this.	Peter Waldkirch	Fairview	
2023-10-17	11:35	PH 1 - 6. Rezoning: 6081-6083 Collingwood Place	Support	<p>I support this rezoning. It's an opportunity to add more secure rental housing (far less expensive than owning) with minimal displacement of existing renters, in a location close to amenities, where people want to live and prices are high.</p> <p>I'd encourage council to consider only requiring a development permit for similar projects in the future, instead of a rezoning, so that council doesn't need to go through the rezoning process for each and every project.</p>	Russil Wvong	Riley Park
