2023-12-06	07:30	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	As someone who was born and raised on the Westside of Vancouver, and is now raising my own family not too far from this subject site, I am relieved to see another application head to Council for new seniors living (with the full spectrum of care.) I suppose I am also somewhat of a demography “nerd” and the data illustrating our aging population on the westside is staggering. This 6-storey model, along major arterials like Granville and now Arbutus, is a sensitive solution to provide needed, quality seniors care in a neighbourhood that can generally afford it, and in an architectural style that respects the existing surroundings. I like it and hope we continue to see more.	Justen Harcourt	Arbutus Ridge	
2023-12-06	12:22	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	Happy to support this building dedicated to seniors care , especially as it provides a seamless spectrum of care from assisted living to memory care. As we baby boomers get older Westside badly needs places where seniors can age in place and Arbutus corridor is an ideal location. Further, Amica has lengthy experience and is renown for being a very good operator. This application has my full support.	Joan Pottinger	Kitsilano	
2023-12-04	10:13	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	I’m pleased to see this project proceeding to a public hearing. I grew up going to school in this area, and frequenting the Arbutus Club (and still do.) Not only is this community an aging one, but Arbutus is a major street which can easily accommodate a 6-storey structure like this one that will bring support and much needed living opportunities for people like my parents, and countless others. It’s a tasteful design which will fit in nicely with the neighbourhood. glad to see it move forward.	Paris Lavan	Downtown	
2023-12-04	16:49	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	Glad to see this seniors care project move forward. I was raised in this neighbourhood just off Granville, then we moved further west. My parents still live on the west side, and I am now raising my young family in the City as well. We visit the site weekly with activities at the Arbutus Club and think this is an appropriate location for private seniors living. Amica is a trusted brand and operator in the neighbourhood with another facility across the street, and this is obviously a neighbourhood with a vastly aging population. I hope to see more of this 6-storey style seniors housing in the future. Thank you	Adrienne Thom	Arbutus Ridge

2023-12-06	18:03	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	I'm glad to see more seniors living and care options being contemplated and developed on our community. I was raised on the Westside, and still live there as an adult. I'm from a large family, and well, we're all aging. We know our public system is maxed out, so we need more options for our seniors population to age in the communities where they've lived all their lives, and where their support network is (other family, friends, doctors, dentists, etc.) This project looks good to me.	Mike Georgas	Arbutus Ridge	
2023-12-11	14:43	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	I'm in full support of more seniors housing coming to Arbutus Street and Nanton Avenue. I live close to this area and think it makes a lot of sense for this neighbourhood. Allowing people to age gracefully in the communities they know, and love makes a really big difference to their later years. I'd love to have more options in the community for when my own parents require a bit of living assistance. Amica is a great company who know what they're doing. Hope this gets approved asap. Thanks!	Katie Hunter	Arbutus Ridge	
2023-12-07	10:26	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	I received the postcard in my letter box for this project last week and I'm really happy to see a building like this coming to our area. More seniors care facilities, especially on this side of the City, is much needed. I really like the Amica model because it provides a range of care levels and therefore allows aging adults to stay in one place as their needs change. I think this area is really well suited for this sort of project and will fit in quite nicely.	Adrian Garvey	Arbutus Ridge
