2023-12-13	08:14	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	<p>Good afternoon, Mayor and Council + City Planning Staff.</p> <p>My name is Shelly Pendlebury and I'm 100% in favor of the Marcon Development + Amica project proposed for Arbutus and Nanton Avenue. The west side of Vancouver continues to be severely underserved in seniors living and seniors care options, which is an alarming trend given the rapidly aging population in these communities. Projects like this provide options for individuals and families to make long term plans for their loved ones, in the community they know and love. I understand the proposal is 6 stories, which makes a lot of sense given it's location along the Arbutus Corridor. The surrounding area has many buildings of similar height and so I believe it will morph seamlessly into the community in no time.</p> <p>This is an important project for an important segment of the population. Please approve this application without delay.</p> <p>Thank you, Shelly Pendlebury</p>	Shelly Pendlebury	Arbutus Ridge	
2023-12-12	21:08	3. CD-1 Rezoning: 4330-4408 Arbutus Street and 2092 Nanton Avenue	Support	<p>Hi Mayor and Council, I'm writing to share my full support for the Marcon & Amica seniors housing project proposed for 4330-4408 Arbutus Street and 2092 Nanton Avenue. I've lived in this community for a while now and agree this project would fit in nicely and benefit a lot of people who also live here. Planning housing so that folks can stay in one place as their needs change is really important. It makes a direct impact on an individual (or family's) quality of life! This project ticks all the boxes – please approve it asap.</p>	Nicola Bolton	Kitsilano
