CD-1 Rezoning: 848 Seymour Street	Oppose	Dear City Council, Regarding the rezoning application for 848 Seymour street: having one more hotel litter our skyline would be impractical. The developer will just turn it into a residential apartment building after the World Cup is over. To give downtown Vancouver a claustrophobic appearance so that a developer can make a substantial profit is deplorable. The Telus Garden building on 777 Richards Street is a prime example of how constricted downtown is becoming. Putting a tall building in a cramped space will only add to this catastrophe. Vancouver should keep its spacious view , not become another New York.	DANNY TODESCO	(b)(2)(1) Personal and Confidential	Downtown
