CD-1 Rezoning: 848 Seymour Street	Oppose	The application claims a "hotel crisis" without providing statistics to support this claim, such as vacancy rates in other hotels in the area. The city has a palpable housing and homelessness crisis, a fact so undeniable it needs no numbers to support it. This space should go to long-, not short-term residence. We need more affordable housing, not hotels to line the pockets of developers. The city would be doing its residents a disservice by allowing this application to go through.	Nadeen Mohamed	Downtown
