CD-1 Rezoning: 2015 Main Street and 190 East 4th Avenue	Support	<p>Vancouver's housing crisis has never been worse, the time for unequivocal support for housing stock was yesterday. I support the building of any and all rental housing.</p> <p>Notably, the building contains zero parking stalls. It has direct access to the soon to be functional skytrain station at Main &amp; Broadway, walking distance to the skytrain at Science World, sits outside a bus stop, and is adjacent to adequate bicycle infrastructure. The precedent for capital cost savings, and environmental savings is remarkable.</p>	Caleb Westerby	Mount Pleasant

CD-1 Rezoning: 2015 Main Street and 190 East 4th Avenue	Support	This is just the kind of building Vancouver needs to alleviate the housing crisis -- 210 sorely needed apartments, many below market, near transit, and made of mass timber. I wholeheartedly support it!	Katherine Wilde	West Point Grey
