| 2024-02-13 | 10:50 | PH 1 - 2. CD-1 Rezoning: 1002-1052 Seymour Street and 550 Nelson Street | Oppose | Living on a common back lane as this application to change zoning: my concern is the possible increase of traffic down the back alley throughout the day and night. The additional noise and frequency of use will be disruptive and concerning. | Harry Griffiths | Downtown | |
| 2024-02-20 | 08:38 | PH 1 - 2. CD-1 Rezoning: 1002-1052 Seymour Street and 550 Nelson Street | Oppose | <p>To ensure I understand the nature of the request, council is condering whether to convert existing residential zoning to "commerical (hotel stata)" zoning?</p> <p>Are you kidding me? Is this council seriously considering removing residential house stock for more short term rentals?</p> <p>I also note this building seems to include Onni offices - let me guess which developer has made this request. I expect council to will not approve this request and should furthermore make it clear to developers that the primary concern for this city is residential housing.</p> | Gary (Shawn) Richardson | | |
