Particularly in this neighbourhood where there are few purpose built rental options.</p> <p>My only opposition is that a project like this has to go through a rezoning application in the first place.</p>	Frederique Lafontaine	Downtown

SRP projects are a good mixture of density and amenities, and provide sorely-needed secured rental housing for the city. Council should support this application.</p>	Peter Dowdy	Renfrew-Collingwood

Future residents would have easy access to the bikeway network as well with Valley Bikeway located at the end of the block.</p>	Nyan Saik Krat	Riley Park	
2024-02-23	16:23	PH 2 - 1. Rezoning: 2726-2734 West 16th Avenue	Support	<p>I support this! Everyone wants to move to Vancouver. It's a great city, but we are losing people due to how insanely expensive rental price is. We are in a housing crisis! We need more housing everywhere and urgently. At this point, complaining about a new development because it affects your parking space and mountain view is just a bit tone deaf and out of touch.</p> <p>I believe this development will benefit the city. The neighbourhood needs more people, and businesses will come with it. It will be a more vibrant community and not just an area that people pass by to get to somewhere else.</p>	Alex H	Arbutus Ridge
