2024-02-19	15:22	PH 2 - 2. CD-1 Rezoning: 6095 Fraser Street	Other	I think this development is good, but it could support some low income and/or seniors housing in the same location rather than it all being market housing.	Scott Baldwin	Sunset	
2024-02-12	16:13	PH 2 - 2. CD-1 Rezoning: 6095 Fraser Street	Other	While I see the need for housing, the proposed development at the current Buy-Low grocery store will have a very negative impact on the neighbourhood as many seniors depend on this store because they can access it on foot. We see so many elderly people walking to the store to get their grocery supplies. Is there a plan in place to keep Buy-Low in the area during construction?	Rudy Braun	Sunset	
2024-02-10	12:50	PH 2 - 2. CD-1 Rezoning: 6095 Fraser Street	Other	<p>I think it is important that new housing have at least some units designated for working class people. Will someone working minimum wage be able to afford a place in this new building?</p> <p>This is a great street with a nice variety of businesses, and I would be upset to see them all priced out of the area by expensive homes.</p> <p>Please ensure that your policies and decisions as a council involve truly affordable housing, not just lip service to 'below market' and other vague terms like that.</p>	Russell Cripps	Sunset
