2024-04-05	12:49	PH 1 – 1. 998 Thurlow Street – Heritage Revitalization Agreement and Heritage Designation	Support	I'm in full support of the application for 998 Thurlow Street. As you're all well aware, we live in a housing crisis, and the renewal of housing is in dire need. This secured rental housing will fulfill a piece of the broader need across the city. From a heritage perspective, I appreciate that the facade will be retained as a landmark structure in Vancouver. The additional floors added includes a generous setback from the face of the heritage building. I am happy to see the new design honour the historic nature of the building and that it will repair a derelict building to its former stature. Thanks!	Adrian Garvey	Downtown	
2024-04-05	15:37	PH 1 – 1. 998 Thurlow Street – Heritage Revitalization Agreement and Heritage Designation	Support	I'm in support of the proposal to restore and increase rental housing capacity at 998 Thurlow. This site offers a unique opportunity to rehabilitate a piece of Vancouver's history, a task which many would choose to forgo in favour of more units, more height, more density. The proposal is modest in consideration of the broader neighbourhood context. Recognizing the continued demand for housing in this neighbourhood, it makes sense to restore this property and build more homes here, steps from employment, shopping, restaurants and amenities. After many years of sitting fenced and idle, I hope to see the site finally renewed.	Sarah Glazier	Fairview

2024-04-08	17:49	PH 1 – 1. 998 Thurlow Street – Heritage Revitalization Agreement and Heritage Designation	Support	I am writing to express my strong support for the project at 998 Thurlow St. I believe that this project presents a unique opportunity to enhance the neighbourhood while preserving the character of this historic building. This proposal aligns with the city's goals of providing more housing options for residents – by redeveloping this site, we can revitalize a valuable piece of the community while maintaining the charm and architectural integrity of the existing building. In conclusion, I urge the city to support the redevelopment project at 998 Thurlow St. It is a thoughtful and well-planned initiative that will benefit our community for years to come.	Paul Williams	West Point Grey

2024-04-09	14:14	PH 1 – 1. 998 Thurlow Street – Heritage Revitalization Agreement and Heritage Designation	Support	I live in the immediate area and am happy to outline my support for this redevelopment. As a nearby renter and resident, I'm very fond of the historic nature of many buildings in the West End. When a fire damaged this building, I know some in the city were worried about the future of such a beautiful piece of our history. I'm glad to see that the proposed redevelopment doesn't just propose to keep the façade of the building, but also that it envisions secured rental housing	Kyle Randall	West End	
2024-04-09	14:28	PH 1 – 1. 998 Thurlow Street – Heritage Revitalization Agreement and Heritage Designation	Support	Total support for this project. I used to live across the street from here - the surrounding neighbourhood is being renewed with new housing, which is positive, and it makes sense to redevelop this site at the same time. I look forward to seeing this site occupied once again with rental housing and the heritage restoration is a bonus.	Gillian Russell	Downtown
