FROM: General Manager of Planning, Urban Design and Sustainability

SUBJECT: Vancouver Heritage Foundation (VHF) Heritage Conservation Grant Program -

Annual Report 2023-2024 and Grant Release for 2024-2025

#### Recommendations

- A. THAT Council receive for information the *Heritage Conservation Grant Program Annual Report 2023-2024*, prepared by Vancouver Heritage Foundation, attached as Appendix A.
- B. THAT Council approve payment of a grant from the 2024 Capital Budget to the Vancouver Heritage Foundation in the amount of \$300,000 for the implementation of the second year of the Heritage Conservation Grant Program (2024-2025).

Pursuant to Section 206(1) of the *Vancouver Charter*, Recommendation B requires an affirmative vote of at least 2/3 of all Council members.

## **Purpose and Executive Summary**

This report presents to Council the *Heritage Conservation Grant – Annual Report 2023-2024*, prepared by Vancouver Heritage Foundation (VHF), as required by the agreement between VHF and the City (the "Second Grant Agreement"). This report also seeks Council approval for payment of a grant of \$300,000 to VHF for the implementation of the second year of the Heritage Conservation Grant Program (the "Project") under the Second Grant Agreement.

The multi-year budget for the heritage grant programs has been allocated in the 2023-2026 Capital Plan as adopted by Council on June 29, 2022, and the 2024 Capital Budget as approved by Council on December 12, 2023.

## **Council Authority/Previous Decisions**

On July 25, 2023 (RTS 15841) Council approved the Second Grant Agreement for the next four-year term (2023-2026) to enable implementation of the Project by the VHF. It also included approval of payment in the amount of \$300,000 for the first year (2023-2024) under the Second Grant Agreement as part of the 2023 Capital Budget.

On June 29, 2022 (RTS 14879), Council approved the 2023-2026 Capital Plan that includes multi-year capital project budget for heritage grant programs. An annual grant of \$300,000 to a total of \$1,200,000 over four years is allocated to support the Project implemented by the VHF.

On March 13, 2019 (<u>RTS 12903</u>) Council approved the Heritage Conservation Grant Program, including a grant agreement (the "First Grant Agreement") for an initial term of 4 years (2019-2022), that allocated \$300,000 annually, to a total of \$1,200,000, in the 2019-2022 Capital Plan to support implementation of the Project by the VHF.

# **City Manager's Comments**

The City Manager concurs with the foregoing recommendations.

## **Context and Background**

Council-approved 2023-2026 Capital Plan allocates multi-year funding to three heritage grant programs that support citywide conservation of heritage buildings: the Heritage Incentive Program (HIP), the Heritage Façade Rehabilitation Program (HFRP), and the Heritage Conservation Grant Program (referred to hereinafter as HCGP).

This report is related to the HCGP that supports conservation of privately owned small-to-medium sized residential buildings primarily characterized by wood-frame construction. Standalone structures and historic resources such as landscape features and historic signs are also eligible for the HCGP. The HCGP includes two categories: the Planning Project Grants and Conservation Project Grants. Both are available for any building or site listed on the Vancouver Heritage Register, and sites of Indigenous cultural significance. The HCGP is managed by the Vancouver Heritage Foundation (VHF). The next section is based on the Annual Report prepared by the VHF (refer to Appendix).

#### Discussion

# Heritage Conservation Grant Program Process and Implementation

Each year, the HCGP has two intakes that happen in October and the following February. Applications are reviewed by the Grants Committee, with recommendations on grant amounts for eligible projects brought to the VHF Board of Directors for review and approval. Each grantee has eleven months to complete the work, which may be extended due to extenuating circumstances. The release of grant is conditional to satisfactory completion of the conservation work, except for incorporated non-profit societies who are eligible to request 50% of the approved grant upon project initiation.

# Year Five Summary (2023-2024)

In Year Five (first year under the Second Grant Agreement), the two intakes approved 32 conservation projects from twelve different neighbourhoods, with the highest numbers in Kitsilano, Mount Pleasant, and Strathcona. The total of grants allocated for the approved projects is \$279,490, with a total of \$1,035,064 in private investment by site owners and stewards and other funding to allow for the conservation of Vancouver's heritage buildings.

An estimated 80 volunteer hours were committed in Year Five by the Granting Committee members, with an in-kind value of over \$10,000.

Table 1. Year Five Summary of Approved Grant Applications					
Applications Received	35 applications Total Requested = \$336,284				
Grants Proceeding	32 projects proceeding at 31 sites 12 neighbourhoods Total Proceeding = \$279,490				
Grantees' Contribution	Total estimated projected cost of the 33 projects = \$1,314,554  Total estimated investment by site owners and stewards = \$1,035,064				

## **Financial Implications**

The source of funding for the HCGP is based on multi-year capital project budget of \$1,200,000, allocated in the approved 2023-2026 Capital Plan. The funding of \$300,000 annual grant is included in approved the 2024 Capital Budget. The disbursement of \$300,000 for the second year (2024-2025) is scheduled as per the Second Grant Agreement.

## **Legal Implications**

On July 25, 2023, Council approved the Second Grant Agreement under the same terms as the First Grant Agreement (2019-2022).

#### Conclusion

The Heritage Conservation Grant Program implemented by the Vancouver Heritage Foundation provides funding opportunities to encourage owners and tenants to achieve high level of retention and conservation of small-to-medium sized residential buildings that are primarily characterized by wood-frame structure. Staff recommend the release of the second year grant sum of \$300,000 to the Vancouver Heritage Foundation as set out in the Second Grant Agreement.

# Appendix A

# HERITAGE CONSERVATION GRANTS PROGRAM - ANNUAL REPORT

The Heritage Conservation Grants Program was first approved by Council on March 13, 2019, as part of the Heritage Incentive Program with a commitment of \$1.2 million over four years, and that agreement was renewed for another four years in July 2023

The Heritage Conservation Grants Program supports a wide variety of small and medium conservation projects for sites on the Vancouver Heritage Register that do not qualify for larger City programs. Eligible projects include the development of a conservation plan, the restoration of historic elements, and the conservation of the structure and exterior of a range of sites with diverse ownership types.

The program emphasizes best practices in heritage conservation from planning to implementation. Through the program, VHF provides guidance to owners, building stewards, and professionals to achieve a high standard of conservation. Support of this kind is unique in Vancouver and is enabling a high standard of conservation that would otherwise be inaccessible for most site stewards and owners. High quality support for heritage places ensures the continued vitality and viability of heritage sites and neighbourhoods.

#### PROGRAM IMPLEMENTATION

VHF has continuously improved the program since its inception with feedback gathered during subsequent years. There are two intakes for each round, with the first intake in October and a second happening the following February.

Applications are reviewed by a Grants Committee composed of members with extensive heritage expertise who provide recommendations on grant amounts and proposed projects. The Committee's recommendations are then submitted to the VHF Board of Directors for review and confirmation. Grant decisions are communicated to applicants and agreements are signed that set out the conditions of the grant, including the requirement to obtain any necessary permits and hold proper insurance for the proposed work.

Each grantee has eleven months to complete the work, with the potential for extension in extenuating circumstances. Grant amounts are paid out upon satisfactory completion of the work, except for incorporated non-profit societies, who can request 50% of their grant at the start of the project.

#### 2022-23: YEAR FOUR SUMMARY

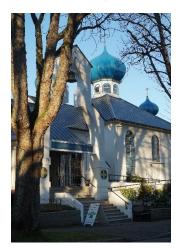

In Year Four, VHF offered 32 grants and of those awarded 19 projects have been successfully completed. Four grantees pulled out of the program over the course of the year as two applicants decided to delay their projects, one could not meet conservation standards and one was unresponsive to the grant offer. 9 projects are ongoing and have been granted extensions due to extenuating circumstances. At the time of writing, \$111,715 has been disbursed to conservation projects from the two intakes of Year Four of the program. A further \$103,000 is anticipated to be disbursed to the remaining projects from Year Four.

Year Four saw significant delays to several major projects, including two in Chinatown which total \$50,000 to still be disbursed. Issues cited include poor weather preventing painting and dealing with a fire in one of the building units, both anticipate completion before August 2024.

#### 2023-24: YEAR FIVE SUMMARY

Projects from the two intakes of Year Five are underway, with grants supporting 32 projects at 31 sites across the city. In this intake, eligible requests for funding nearly matched the available funds with 98% of available funding being granted. The grants proceeding as of April 2024 will provide \$279,490 and leverage a further \$1,035,064 in private investment and other funding for Vancouver's heritage buildings.

This program is contributing to Vancouver's economy by supporting local jobs and skilled work. \$2,045,810 has been invested into the local economy through this program so far, 75% of which is coming from private investment by owners and building stewards. The total investment in local heritage places resulting from this program from 2019-2024 is anticipated to be \$5,111,952, with a financial contribution from the City of only \$1,500,000 (\$1,143,000 in grants, \$357,000 in administration).

With many of the 2,200+ buildings and sites on the Vancouver Heritage Register eligible for the program, target audiences for communications have included homeowners and building owners, long-term tenants such as non-profit societies, and heritage and construction professionals.

Over the course of the program, details have been communicated through the following methods:

- Direct mail campaign addressed to properties on the Vancouver Heritage Register
  - o Sent December 2024
- Grant information sessions offered in January, with 37 registrants
- Events related to heritage conservation held throughout the year:
  - Courses offered as part of the Heritage Conservation Certificate Program for heritage professionals and those interested in heritage conservation:
    - Writing a Statement of Significance (November 2023)
    - Heritage 101: An introduction to Heritage Conservation
  - Table with grant information at The Heritage House Tour event in June, and the Places that Matter Community Fair in February.
- Online communications
  - Vancouver Heritage Foundation website
  - Social media channels (Facebook, Twitter, Instagram)
  - Direct communications with heritage, arts and culture organizations and related professional associations
  - o Emails to past grantees, applicants, and heritage professionals
- Newsletters
  - o Bi-weekly e-newsletters
  - o Industry partner newsletters (e.g. Heritage BC)
- Lawn signs displayed on recipient's properties

Projects Signs (re-designed 2023)

#### YEAR FIVE RESULTS

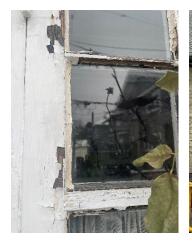

The Heritage Conservation Grants Program had a very successful fifth year, allocating nearly all available funds to provide meaningful support to projects, while continuing to leverage private investment in Vancouver's historic buildings and sites.

\$300,000 is committed by the City of Vancouver for each year of the program. Of this, \$223,000 is available for grants and up to \$77,000 is allocated to VHF for administration and communications.

If a grantee withdraws from the program, the funds are added to the following intake. An additional \$62,524 was available from previous intakes and was added to the available funds for Year Five. The total available to grant in year five was \$285,524.

Applications	Grants	Grantees'
Received	Proceeding	Contribution
35 applications	32 projects proceeding at 31	Total estimated projected cost of the
	sites	32 projects = \$1,314,554
Total Requested =		
\$336,284	12 neighbourhoods *see Appendix B for project types	Total estimated investment by site owners and stewards = \$1,035,064
	Total Proceeding = \$279,490	

The maximum grant available is \$25,000 for a site with Heritage Designation that is owned/managed by a non-profit society. Sites in private ownership, with or without Heritage Designation can qualify for a maximum grant of between \$7,500 and \$10,000 for conservation projects and a maximum grant of \$2,000 - \$3,000 for planning projects.

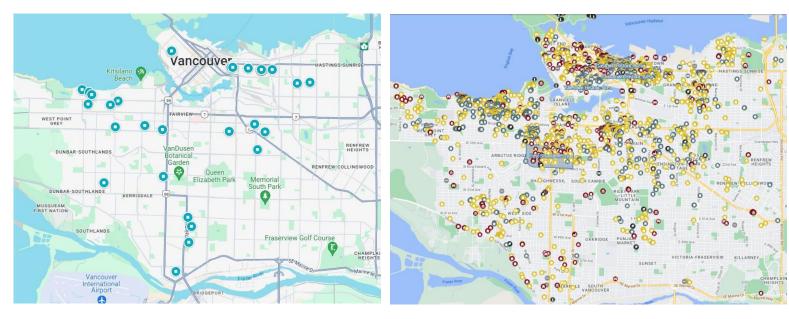

Upcoming Projects from October & February Intakes (Year Five): Window repair and façade rehabilitation (left), Water remediation (centre), Roofing replacement (right)

The program is offered and advertised citywide. The 2023-24 (Year Five) grants are supporting projects in 12 different neighbourhoods, with the highest numbers in Kitsilano, Mount Pleasant, and Strathcona

Year Five Grant Sites 2023-2024

Heritage Register Sites

# **Building and Ownership Types**

The program provides grants to buildings that are privately owned or are owned and managed by non-profit organizations.

Year Five - Type of building/site and Ownership Type						
Community building/site: Non-profit	Residential: Houses (1-2 units)	Residential: Strata				
7	15	10				

# Nonprofits-

Unitarian Church of Vancouver
Chen Wing Yeong Tong Benevolent Society
Granville Park Lawn Bowling Club
Parish of St. Augustine
Wongs' Benevolent Association
Shaughnessy Heights United Church
Friends of the Old Hastings Mill Store Museum

# ADMINISTRATION COSTS (July 2023 - June 2024)

VHF staff and office costs include grant program management, supervision, equipment, expenses, and administrative support. Communications costs include copy writing, and design, printing, and mailing of promotional materials.

CoV Contribution	VHF Staff and Office Costs	Communications, printing, mailing	Total Admin Costs	Available funds to carry forward
\$77,000	\$72,000	\$5,000	\$77,000	\$0

The available annual administrative funds of \$77,000 provided by the City of Vancouver for administration and communication of the program in 2023-24 is fully accounted for and any amount exceeding \$77,000 is provided by VHF from fundraising revenue.

In addition, an estimated 80 volunteer hours were committed in Year Five by the Granting Committee members with an in-kind value of over \$10,000.

#### LOOKING FORWARD

Continued investment in heritage conservation through this program will further contribute to social and economic prosperity. The program will continue to leverage private investment to assist in retaining and improving housing, rental accommodation, and community spaces; will encourage sustainable reuse of existing buildings; and will help sustain the local economy through the creation of skilled jobs.

The release of the sixth year of funding of \$300,000 is requested so that this program can be ready to support Year Six projects in 2024-25. A new application period will open as soon as funding is approved, with a close date in October 2024 for the first intake.

The sixth year of the program will continue providing benefits to the community including:

- Encouraging heritage retention, conservation, and stewardship.
- Leveraging private investment in Vancouver's heritage buildings and sites.
- Providing education to owners and construction professionals on best practice in heritage, including the *Standards and Guidelines for the Conservation of Historic Places in Canada*

## HERITAGE CONSERVATION GRANTS PROGRAM

The Heritage Conservation Grants Program complements other incentives for heritage conservation provided by the City of Vancouver. The program assists individuals and organizations who are interested to conserve and restore historic places in the city of Vancouver, contributing to sustaining and augmenting the public benefits that heritage places bring to the neighborhoods and communities of Vancouver. Over the past four years, the program has built on VHF's long history of distributing conservation grants and has enabled increased levels of support to more projects, which has contributed to greater visibility and awareness of heritage conservation across the city.

# 1. Objectives

- Incentivize an increased level of conservation, restoration, and rehabilitation of historic buildings and structures, leveraging private investment.
- Guide appropriate and high-standard heritage conservation work in keeping with best practices.
- Support retention and rehabilitation that otherwise may not be easily financed or abandoned entirely.
- Provide added incentive for designation / protection of Heritage properties and addition of properties to the Register.

# 2. Strategy

Provide meaningful, consistent support to small and medium conservation projects for buildings and structures listed on the Vancouver Heritage Register.

Encourage more and better conservation with a visible, sustainable program.

# 3. Description

Funding from the City of Vancouver and managed by Vancouver Heritage Foundation, supports a Conservation Grants program offering matching grants to buildings, structures and sites on the Vancouver Heritage Register (or with a high degree of heritage integrity and potential for addition to the Register). The grants support a wide variety of heritage conservation planning and intervention projects. Vancouver Heritage Foundation has the flexibility to provide larger grants to projects where warranted. The funding supports individual and community efforts to retain and restore a diverse range of heritage places.

Grants fund a maximum of 50% of the eligible project costs and are offered on an annual cycle in two intakes (October and February). Grants are awarded up to \$25,000 depending on the type of project and ownership type of the site as well as whether it is legally protected from demolition. Grants to assist with the preparation of a Statement of Significance for the

purpose of applying to the Vancouver Heritage Register can be funded up to 100% within the existing maximum planning grant amounts.

The program is managed by Vancouver Heritage Foundation, a registered charity with experience in developing and managing grant programs since 1999. VHF staff manage the program, promote the program, review and process applications, assist the public with inquiries about the program and their projects, gain expert input to prioritize applications and award appropriate levels of support to projects. The VHF Board of Directors reviews and approves all grants offered to further ensure alignment with the strategic goals of the program. VHF engages a granting committee to review all applications and determine the grant amounts, ensuring projects are evaluated by experts in the field. VHF staff monitor the progress of projects and review completed projects before grant funds are released.

The program is directly promoted to all sites on the Vancouver Heritage Register as well as to the wider public through direct mail campaigns and through signage placed on properties receiving grants. The program is promoted more broadly to the general public through VHF's social media, electronic newsletter, and website.

# 4. Eligibility

#### Sites:

Eligible sites include:

- Buildings
  - House typologies and similar scale structures of primarily wood-frame construction
  - Components of other types of buildings critical to the heritage value, for example, the porch or façade elements of a large building that does not qualify for other support
- Monuments
- Structures
- Other Historic Resources, for example landscape structures / features, historic signs

The property must be located within the boundaries of the City of Vancouver, and be listed on the Vancouver Heritage Register, in the process of being added to the Register, or will apply for and be added to the Register before completion of the grant.

The building or structure must possess heritage integrity i.e. substantial level of heritage fabric and features. This will be evaluated by VHF staff, the Granting Committee and the Board of Directors as part of the application process.

Sites of cultural significance to an Indigenous community are exempt from the requirement to be listed on the Vancouver Heritage Register.

# Ownership / Responsibility:

The following types of ownership are eligible to apply for the program:

- Private owner
  - Individual(s)

- Strata corporation (if primarily wood frame structure)
- Registered non-profit society or federally registered charity (including a society with a long-term lease (minimum 10 years) in a municipally-owned building with responsibility for the structure)
- First Nation

# Project type:

A wide variety of conservation work can be supported by the program, within the following categories:

- Preservation
- Restoration
- Rehabilitation
- Planning

Not eligible: Projects that are part of a larger commercial development that would have access to other incentive programs or subject to a Heritage Revitalization Agreement (HRA). Properties designated through an HRA would be eligible to access the program after a period of 10 years.

# 5. Eligible Work

Grants are applicable for:

- Exterior heritage elements on buildings and landscape features / monuments
- Designated (protected) heritage interior elements
- Structural, envelope and infrastructure work that is essential to ensuring the longevity and continued use or reuse of the structure.
  - o For example, roofing, foundation repair / renewal, rainwater management, structural stability.
  - For larger grant awards, consideration of improving seismic resiliency is expected.
- Accessibility and other work can also be considered where directly related to the conservation of the structure.

There are two main categories of grant:

## Planning

- Preparation of a conservation plan
- Preparation of a maintenance plan
- Heritage evaluation and Statement of Significance to apply for addition to the Register

#### Intervention

- Preservation, Restoration, Rehabilitation of exterior heritage elements (or designated interior)
- Structural rehabilitation and seismic upgrading
- Sustainable retrofits to reduce carbon emissions or improve comfort and directly related to preserving eligible heritage elements
  - For example, the addition of interior or exterior storm windows for historic windows
- Restoring a historic colour scheme to the exterior of a building, including identification of the original or appropriate scheme, and using good conservation practice in preparation and application.

Eligible costs include materials, labour and professional fees.

Properties applying for a grant to assist with research and documentation to apply for inclusion on the Register are eligible for the Planning phase grant.

A building or structure that is not legally protected from demolition (through Designation, Heritage Covenant, or Scheduling in a Heritage Conservation Area) can receive a grant for Intervention activities. However, for a grant above an established threshold, the owner(s) is required to sign a legally binding agreement to repay the grant to Vancouver Heritage Foundation in the future if the structure or the part of the structure that the grant was applied to is demolished within 10 years.

## 6. Grant Size

The program provides a matching grant of up to a maximum of 50% of eligible costs and typically in the range of 35% - 50%.

Designated (legally protected) Heritage buildings and structures are eligible for a higher value of grant as indicated in the table below.

	Maximum grant available (up to 50% of eligible project costs)					
Ownership type / protection:	Private ownership	Private ownership - Designated (legally protected)	Non-profit ownership	Non-profit ownership - Designated (legally protected)		
Planning	\$2,000*	\$2,000	\$3,000*	\$3,000		
Intervention	\$7,500	\$10,000	\$10,000	\$25,000		
5 year maximum per site	\$20,000	\$25,000	\$30,000	\$70,000		

Maximum grant funds provided to an individual site during any five-year period are indicated in the table. Designated properties have a higher maximum. This recognizes that different

owners and sites have differing conservation needs and financial ability to proceed so the program can offer flexibility over multiple years to incentivize and support projects.

\*Sites applying for a planning grant to support addition to the Vancouver Heritage Register can apply for up to 100% of the cost to these maximums.

## 7. Anticipated Participation

If the program is fully promoted to eligible properties and sites, it is anticipated that at least 30 – 50 applications to the program will continue to be received each year.

Participation has been significantly higher than that previously seen for Vancouver Heritage Foundation's conservation grant programs prior to the 2019 agreement. VHF previously received 10 – 18 applications each year.

#### 8. Process

The program has been successfully developed to include detailed terms and conditions, application forms, agreements, program information and communications. The bi-annual granting cycles proceed thusly;

- Program promotion
- Application
- Additional information requested
- Review by Committee; Recommendation to VHF Board of Directors
- Board approval
- Communication to applicants including grant information and requirements
- Agreement between VHF and applicant including note on title for larger grants
- Monitoring of progress; Support to grantees; Signage at site
- Completion and submission of documentation for VHF review; Site visit if appropriate; For larger projects, these can be completed and grant paid in stages.
- Confirmation and payment of grant
- Documentation throughout
- Annual reporting to City of Vancouver of applications, grants awarded, and funds used.

#### 9. Evaluation Criteria

Vancouver Heritage Foundation has established guidelines for the Heritage Conservation Grants program that assist VHF staff and the volunteer Granting Committee (expert review committee) in making recommendations for grant amounts and project recipients to the VHF Board of Directors. The renewed grant program will continue using these guidelines to ensure grants are awarded in line with the objectives of the program and to maximize the effectiveness of the investment.

All conservation work supported by these grants must be completed in accordance with *The Standards and Guidelines for the Conservation of Historic Places in Canada*.

The following criteria provides guidance for prioritizing applications to be funded:

- Projects that are ready to proceed in the year of application and likely to be completed.
- Commitment to conservation: The building, structure or site is well-maintained or there are plans for a high standard of conservation and repair for dilapidated / compromised buildings.
- Projects most in need of support or incentive to proceed.
- Vulnerable projects in urgent need of stabilization.
- Visibility of the project where the public benefit can be most appreciated.
- For painting, projects most likely to accept a historic paint scheme.

# 10. Resources Required

The program is managed by Vancouver Heritage Foundation staff. VHF has a full time Grant Programs Manager, spending an estimated at 4 days per week on this program. The Executive Director is also involved in overseeing the continued development and management of the program, along with the VHF Communications Team for promotion of the program. The program also requires the active participation of volunteer members of the Granting Committee

Unused grant funds will be carried over so that the program can respond to changes in demand from one year to the next. However, if the proposed carry-over amount exceeds \$120,000, the amount over \$120,000 will be deducted from the next year's grant amount.

## About Vancouver Heritage Foundation

VHF advances the appreciation and conservation of our city's diverse heritage places and their stories. We raise awareness of the vital contribution that heritage makes to a vibrant, inclusive, and sustainable community.

VHF does this by creating opportunities and resources to learn about Vancouver's history and heritage places and providing practical support for the successful conservation of historic buildings and sites.

Established in 1992, VHF is funded by grants, donations, program revenues and an annual operating grant from the City of Vancouver.

## 11. Budget:

#### PROGRAM MANAGEMENT (2026-2029):

VHF Staff and Office Costs:

#### Wages:

- Grant Programs Manager\* (4 days/week) \$50,000 - Executive Director\* (1 day/month) \$4,000 \*Permanent; subject to annual increases

- Communications Consultant (5 hour/month) \$1,000

Mandatory Employer Costs, Benefits \$5,000

Office and Technology Costs \$12,000

Expert Review Committee: 40 Volunteer Hours

Communications Materials: \$5,000

Online, print, mail-out, media, signage

Total Annual Program Management: \$77,000

City of Vancouver funding: \$77,000

Annual Grant Funds: \$223,000

Annual Funding required: \$300,000

Heritage Conservation Grants Program: Projects Year 5						Apr-24			APPENDIX B
