2024-07-05	10:02	Rezoning: 4569 Oak Street	Oppose	<p>No, No, No to any blocking of view cones. Building up does not make neighbourhoods, create housing for most people. Building up means developers market overseas, sell to people who live her part-time and do not contribute taxes. We need low-rise housing, with two and three bedrooms for families -- not cold, people stacking that we see in Metrotown and Brentwood. If anyone on council thinks those two areas are neighbourhoods and community feeling -- forget it. Just the opposite. We must keep our views, this is part of our Vancouver identity. So much of Vancouver has already been destroyed over the past 30 years - namely beautiful heritage homes and neighbourhoods, and look where that has left us. Our downtown area needs revitalizing, put some housing down there in the empty buildings that already exist. This tearing down and start over is such a destructive act - all in the name of progress. Please re-think. I despair at my Vancouver. It used to be vital, now is sad, dirty and full of homeless who refuse, in some cases, to be placed in housing. I am 82, born and raised in North Vancouver, but have lived and worked my adult life in Vancouver. I love my city, but constantly see city councils try to 'grandstand' and build bigger, higher, to satisfy who??? Developers have led this planning for years, and it is time we gave back the city to the people who live here, serve us coffee in a favourite neighbourhood cafe, cashier at a food market and pay taxes of all kinds. Let's dispense with this 'macho' build big attitude.</p>	kathleen Anderson	Mount Pleasant

Few cities in the world are blessed with the natural beauty of mountains and water that Vancouver enjoys. Lowrise housing will still provide homes for our residents. Firetruck ladders can't reach beyond the 7th floor of a building. Please consider our safety as well.</p> <p>I will remember to not vote for you if you vote for this motion to eliminate and privatize Vancouver's public mountain views!</p> <p>(from a Vancouver resident since 1981)</p>	Klare Kish	Marpole
