2024-10-04	04:37	Seniors Housing Strategy - Related Amendments to By-laws and Land-use Documents	Support	<p>I live in a facility with a lot of seniors. It's §.22(1) Personal and Confidential .</p> <p>I am SO GLAD that the CURBSIDE patios were removed. Please designated the, now available 4 parking slots to 3 being allocated for EVO CARS so our residential permit parking is no longer over run by EVO cars.</p> <p>Most importantly, the following us the positive effect from the removal of these ramps:</p> <ol style="list-style-type: none"> 1) Less Garbage, making it less RATS and more desirable living for residents who do NOT do drugs 2) 2 garbage cans seems to be sufficient for the nightly garbage pick up, which = less cost to the city 3) Less Meth and Crack being smoked, for us residents not having to breath (I still wear a mask because of this same and cigarette 2nd hand smoke makes me nauseous) 4) Less people passed out lying on the Ramos and sidewalk = less drug dealers coming around! 5) Less Dogs barking which irritates people all the way up past the 8th floor of my building <p>PLEASE KEEP THE RAMPS AWAY FROM THE PERIMETER OF OUR BUILDING, OUTSIDE OF EVELYN SALLER.</p> <p>It is Finally ANOTHER CLEANER here again, since Evelyn Saller opened up.</p> <p>THANK YOU SO MUCH,</p> <p>Lynn Sawatzky</p>	Lynn Sawatzky	Downtown
