2024-10-16	15:31	Rezoning: 5950-5990 Granville Street	Support	This development would socially and economically benefit our community!	Pav Manchanda	Kitsilano	
2024-10-16	18:37	Rezoning: 5950-5990 Granville Street	Support	The city of Vancouver is in dire need of affordable rental housing. Over 50% of residents in Vancouver are renters, demanding more purpose built rentals to be constructed. The project Strand is proposing not only helps bring more of this much needed supply to the market, but does so in a great location. Easy access to both downtown and UBC make this project a pivotal step to solving the housing crisis in Vancouver.	Dennis G	Kerrisdale	
2024-10-17	04:25	Rezoning: 5950-5990 Granville Street	Support	This is an excellent project which I fully support. We need more rental units and it fits the city plan well. It will help remove more cars and support public transit. Please approve this proposal, Tam Matthews	Tam Matthews	Kitsilano	
2024-10-17	07:48	Rezoning: 5950-5990 Granville Street	Support	Much needed housing	Jamie Hankinson	Kensington-Cedar Cottage	
2024-10-17	10:09	Rezoning: 5950-5990 Granville Street	Support	I support more rental housing in all of Vancouver	Mitch Ellis	West Point Grey	
2024-10-17	11:35	Rezoning: 5950-5990 Granville Street	Support	I am writing to you today in support of building secured rental housing at 5950-5990 Granville Street. I am a resident of the Vancouver West Side and work in the Kerrisdale/Marpole Area. The proposed addition of 95 rental units is much needed in the community. The project is well located and will allow people to live in an area that is closer to their places of work, in addition to being in proximity to many fantastic recreational areas and transit opportunities, which should be accessible to all. Purpose built rental projects such as 5950-5990 are critical to softening the impact of the current housing crisis that all Vancouver renters are feeling, in particular amongst young workers, in addition to boosting economic activity with respect to the surrounding small businesses in the area. The proposed project, built and managed by a reputable organization like Strand, is much needed in this community, and will be an asset to the community for years to come. For the above reasons, Council should give serious consideration to this proposal.	James Carson	West Point Grey	
2024-10-17	13:49	Rezoning: 5950-5990 Granville Street	Support	The 5950-5990 Granville St project that strand is proposing is a promising step in the right direction towards solving perhaps the most pressing issue facing most Vancouverites: affordable housing. 95 units of purpose built rental is just what the city needs, especially in a location that appeals to a university students, young professionals, and families alike. I hope that city counsellors consider the urgent nature of our housing crisis when deciding whether or not to approve this project.	Sarah Morse	Sunset

2024-10-17	14:39	Rezoning: 5950-5990 Granville Street	Support	I'm writing to support the rental housing project at 5950-5990 Granville Street. As a renter in Vancouver, I know how hard it is to find well-located, secure housing, especially in this area. The 95 rental units by Strand are exactly what the city needs. This development, near Kerrisdale and Oakridge, offers great access to shops, restaurants, and key transit routes to UBC, downtown, and Metrotown. Projects like this are essential to easing the housing crisis. I urge city councilors to consider the financial strain renters face and support this development to help keep us in the city.	Drew Nielson	Downtown	
2024-10-17	16:22	Rezoning: 5950-5990 Granville Street	Support	I am writing to express strong support for the proposed development at 5950-5990 Granville Street. Vancouver faces a vacancy rate below 1% and this project is evidently critical to addressing the severe lack of housing for residents. While increasing housing supply, it will also create jobs and enhance community spaces which align with the goals of the city in sustainable development. This project will have a lasting positive impact on our community and I strongly support the motion to move forward with the project.	Ross Pearson	Kerrisdale	
2024-10-18	08:57	Rezoning: 5950-5990 Granville Street	Support	100% rental developments are pivotal in addressing the shortage of rental units in our city. With the ongoing housing crisis affecting most Vancouver residents negatively, this project represents a great opportunity for city councillors to show their commitment to fixing this housing crisis. The project location also promotes sustainable transportation methods, with 3 main bus lines running nearby and the arbutus Greenway in proximity.	Milan Bumbulovic	Downtown
