2024-10-11	09:24	CD-1 (50) Text Amendment: 3282-3296 East 1st Avenue	Support	<p>As a resident living just a few blocks from this site, I am writing in support of the proposed rezoning application for 3282-3296 E 1st Avenue. I'm excited about the vibrancy that new neighbours will bring to our community, enriching the neighbourhood with more diverse voices and energy.</p> <p>This development will provide more people with easy access to some of the city's beautiful green spaces, like Rupert and Sunrise Parks, which are fantastic resources for the whole community. Additionally, I hope that more development along 1st Avenue will encourage the addition of a much-needed bus line, further improving transportation options in the area.</p> <p>Thank you for considering my comments, and I look forward to seeing how this project will enhance our neighbourhood.</p>	Rhiannon Fox	Hastings-Sunrise
