Since 1972. It's about time this development is going to happen. Housing and retail with a restaurant is very good for the neighborhood. This is good and positive growth for the neighborhood. Esterina appreciates the work by developers to put this project together.	Vince Battista

It feels like home to my family. The owners have kept the property beautiful for years. It is always clean, well kept and wonderful florals and landscaping year round. I look forward to a new building and a new family restaurant in the neighbourhood.	Vilma Simonetta	Hastings-Sunrise
