The height change isn't substantial anyway. I see people opposing rezoning on quieter streets and demanding them to be on main streets such as Broadway and 4th, but even when they are proposed on main streets we still get people opposing. We need to get more density projects going.	Manjoe Chan	Downtown	
2024-11-09	16:23	CD-1 (843) Text Amendment: 888 West Broadway (Formerly 878-898 West Broadway)	Support	I support this project as one that will provide hotel space outside of the downtown core. While the recent changes to AirBnB were much-needed, it's made it almost impossible for visitors to find a place to stay outside of the downtown core - something my parents have discovered repeatedly when they visit from the interior. If Council is serious about making the Broadway Corridor a "second downtown" then I urge you to approve this project.	Harmon Moon	Mount Pleasant
