2024-11-11	14:29	CD-1 Rezoning: 523-549 East 10th Avenue	Other	While I support increased housing options in my neighbourhood, I do not feel this size of tower is appropriate for this neighbourhood or this particular street. There are many older homes and an urban tree canopy that should be preserved. A scaled-down option for this development would be preferable, with less massing and height.	Mac Ballika	Mount Pleasant
