2024-11-26	16:18	Council Delegation of Authority to Approve the Form of Development	Oppose	<p>I oppose the Council delegation of the authority to Approve the Form of Development, to the Director of Planning.</p> <p>At this particular time , as our City is facing the possibility of enormous change, it is imperative that our elected officials and the staff we, as taxpayers, have chosen to support them, continue to follow procedures that are honest and transparent. It is also critical that the citizens of Vancouver continue to have oversight for the final Form of Development. These buildings will impact all of our lives.</p> <p>We deserve the opportunity to be a part of the checks and balances . Only together, can we create a future for Vancouver that is worthy of passing along to our children.</p> <p>Carol Van Camp</p>	Carol VanCamp	Mount Pleasant

2024-11-26	16:29	Council Delegation of Authority to Approve the Form of Development	Oppose	I strongly oppose delegating this duty to city staff. Public input should continue and council approval required so there is transparency in each of these proposals.	Simone Vermette	Mount Pleasant	
2024-11-26	12:57	Council Delegation of Authority to Approve the Form of Development	Oppose	This is about Council transparency, and not lazily rubber-stamping everything that comes before it. THINK what you're doing to our city. The only thing that distracts me from Trump and his plans is what is happening in my own city. It is so wrong and is moving too fast for most of us to wake up in time!	Colleen Miller	Kitsilano
