2024-11-18	17:55	CD-1 Rezoning: 1068-1090 Burnaby Street and 1318 Thurlow Street	Oppose	I moved from out of province to the west end almost 6 years ago. The amount of development at this point is distressing - the noise, the parking, and the change in neighbourhood feel. I understand the desperate need for housing, but I also understand the need for neighbourhood. I've started looking around for housing in other areas in Vancouver as well as outside of the city. It's starting to feel like we're going to be warehousing people rather than building neighbourhoods.	Martha Huestis	West End	
2024-11-14	15:55	CD-1 Rezoning: 1068-1090 Burnaby Street and 1318 Thurlow Street	Oppose	I am opposed to this development because it does not provide any support or real impact to promote affordable housing. I would like to propose that the development include 20% of units intended to be rented at the HILs (Household Income Limits) established by CMHC, and the rest of the 80% be below market value.
