I believe re-developing the site into a rental property with childcare would be strongly beneficial to the area and provide needed relief to the rental market demand for the area.</p> <p>The commercial on the ground floor would continue to keep Broadway lively and activated while also providing an interesting offering to the renters above renters above. This is a key spot and a mixed-use rental building would bring a positive impact to the area.</p>	Maija Phelan	Mount Pleasant

I really like this area and always considered relocating here from downtown as it is less busy and very close to where I work. I love the proximity to new SkyTrain station. In my opinion, this neighborhood doesn't offer that many new condo units, so I am excited to see this plan.</p>	Liza Rachenko	Downtown
