2025-03-11	13:55	Regulatory Changes Toward 3-3-3-1 Permitting Targets	Support	<p>Dear Mayor Sim and Council,</p> <p>I support the intent of these changes and look forward to seeing the results.</p> <p>I hope "borrowed light" bedrooms will get consideration sooner than later as well. I can't say I agree that they have serious livability concerns besides what can be easily addressed, especially compared to hours-long commutes or having too few bedrooms.</p> <p>Sincerely,</p> <p>Owen Brady</p>	Owen Brady	Hastings-Sunrise
