2025-03-13	11:23	CD-1 Rezoning: 2111 Main Street	Support	I would like to express my support for the redevelopment and rezoning plans as presented by NWRE. The success of the Artist Lodge and the visual impact of the murals have demonstrated the need for projects such as this one in the city, and their potential to influence future development plans. This transformationw was only possible because it was temporary, and it presents a bold alternative to other interim uses of future development sites. I'm happy to see how the success of this project has translated into a long-term commitment within the rezoning application, in the form of opportunities for mural spaces, areas built for public events and activations, and the arts and culture space. What remains to be seen is the stewardship model for these spaces, ensuring that they remain vibrant and thriving in a way that the City Centre Artist Lodge has demonstrated is possible.
