| 2025-03-31 | 10:05 | CD-1 (25) Amendment: 3215 Macdonald Street | Support | I support this development because it is five storeys high. Too many 20 storey towers will destroy neighbourhoods and easy access to green spaces. Not the most elegant design (we can do better, developers!) and hopefully each unit will not be cramped. No one wants to live in cramped quarters - not good for mental health. Please support the building of homes that are beautiful, close to green spaces, and spacious enough for a family of 4. | J Campbell | Arbutus Ridge | |
