2025-04-16	23:41	CD-1 (25) Amendment: 3215 Macdonald Street	Support	This is a location within walking distance of a school, a large park, two grocery stores and sustainable transportation modes, and it will be a convenient location for the future residents of the building. Given that VSB is projecting declining enrolment at Carnarvon Elementary and many local businesses are struggling to attract customers, this injection of housing in the heart of an amenity-rich area will have significant public benefit to the vitality of the community.
