2025-04-05	11:39	CD-1 Rezoning: 816-860 West 13th Avenue and 2915-2925 Willow Street	Other	Any additional housing density in our city is good however 21 storeys is too high given these buildings are still several blocks away from the VGH-Oak Broadway station. The tallest neighbouring housing are/will be 10 storeys which would be a much more reasonable height. Any higher than 10-12 storeys, when not within 300-400m of a station, does not fit this community practically. Thanks!	Colin Tan	Fairview
