2025-06-10	17:17	CD-1 Rezoning: 1780 East Broadway	Oppose	The height of the towers are way out of line with the agreed Grandview Plan and will destroy what little remaining views those south of the towers may have. Not to mention that the development will significantly alter the character of the neighbourhood. Curious how there are no similar outlandishly tall projects proposed for the west side of the City.	Steve Tedder	Grandview-Woodland
