2025-05-16	13:01	CD-1 Rezoning: 2180 West 6th Avenue	Support	The apartment I have lived in with my child for over 11 years is falling apart, contains multiple types of mold and is making us both sick. We need new affordable housing for us and our pets so we can continue to work and go to school in the neighborhood we both grew up in. Please allow this building to be built so we and other families just like us have the opportunity to live safer healthier lives in a new clean non toxic building.	Jennifer Fuller	Kitsilano
