2025-07-10	07:58	Rezoning: 859-883 East 33rd Avenue and 4895 St. Catherines Street	Oppose	We do not need another unsightly 5-story building in our Gray’s Park neighborhood. It’s bad enough the first one is being built next door to this reasoning application lot. Our local schools don’t have the room for that many extra children. The traffic along E. 33rd Ave is already bad enough 7-days a week, forget about weekday morning/evening rush hour times. Amongst a community of single family homes, a 5-story building ruins our skyline and is simply ugly. Our local community does not have the necessary roads/infrastructure to support another development such as this one, so please get that in place first before instantly growing our local neighborhood population.
