2025-07-08	15:34	CD-1 Rezoning: 4001-4009 Knight Street and 1348 East 24th Avenue	Other	Parking from Knight for 3 city blocks along 23rd-25th and adjoining cross streets Clark and Inverness is already at capacity. Aside from multi family residences with 2 or more vehicles, many transit users on the Kingsway and 25th corridor choose park on these streets and use transit to travel further into the city or airport. Some respite does occur on weekends/holidays. While we personally support development along transit corridors, the almost total lack of parking in this proposal is more than concerning.
